

HandStands®

HandStands Reaches Half Million Dollar Milestone with Operation Smile

April 30th

HandStands, a Bluffdale Utah based manufacturer of car air fresheners has donated over \$500,000 to Operation Smile helping over 2083 children from around the world to lead more happy and productive lives.

On April 13th, HandStands President Alan Wheatley was recognized by Utah Governor Gary Herbert for the company's contributions to Operation Smile. Since beginning its affiliation with Operation Smile over 20 years ago, the company has donated more than \$500,000 to Operation Smile's Utah chapter. During the chapter's annual Breakfast for smiles event, the company was also recognized for its leadership in securing other contributions for the charity as well as serving in local leadership roles.

"We are very proud of the fact, that we have been able to change the lives of over 2083 children by providing them with a natural smile. So many of these children are out casts in their own society simply because of a cleft lip. Operation smile changes lives, by providing smiles, helping these children to go on to lead, happy and productive lives". Said Wheatley.

"A cleft lip is something we can fix and it costs so little. We are very proud to support such a fantastic organization." Continued Wheatley.

"As a company we have been very fortunate. We believe strongly in giving back to the community in general through Operation Smile and through our support of other local charities and programs at local universities." Stated Wheatley.

HandStands, located in Bluffdale Utah manufacturers and distributes Refresh Your Car air fresheners, a leading car air freshener brand and HandStands branded technology accessory products to major retailers through-out North America.

The company also produces a line of advertising specialty products and has a fast-growing online e-commerce business. For more information on HandStands, visit www.handstandscorporate.com.
